Re: Visions Multi Media Group – WUFO Radio LLC  
(VMMG)  
WUFO(AM), Amherst, NY  
Facility Identification Number: 60154  
Special Temporary Authorization (STA)  
BESTA-20181212AAO

Dear Ms. Brown:

This is in reference to the request filed on December 12, 2018. VMMG requests an extension of the STA granted on September 24, 2013, to continue operating with the existing WECK tower to allow time to implement the construction permit BP-20150218ACE.<sup>1</sup> In support of the request, we noted that CDBS does not indicate that the required FCC Form 302 application to cover the permit was filed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Since the previous STA expired on November 15, 2018, this authorization will not cover the period between the expiration of the prior STA and the filing of the instant request, and is without

---

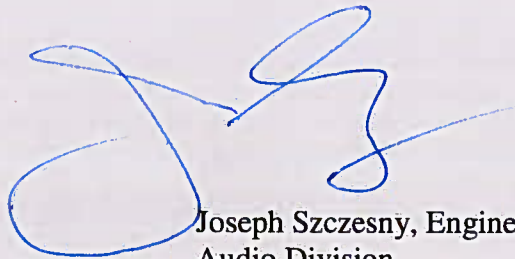

<sup>1</sup> WUFO(AM) was licensed for ND daytime-only operation on 1080 kHz with 1 kW at the old site, and BP-20150218ACF authorized the use of the existing WECK tower with 2 kW (daytime only).

prejudice as to whatever action the Commission may take with respect to operation during that time period.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and VMMG may continue to operate with a daytime maximum of 1 kW using the existing WECK tower. VMMG must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **April 1, 2019**.

Sincerely,

A handwritten signature in blue ink, appearing to be 'J. Szczesny', with a large loop on the left and a horizontal line extending to the right.

Joseph Szczesny, Engineer
